## Brand Story

Welcome to SIMPO LIVING, an outdoor lifestyle brand close to minimalism but not limited to this definition of presentation.

If we respond attentively, life often gives us some guidance. When we want to enjoy relaxed and easygoing outdoor time with family, friends, and even ourselves, choosing outdoor furniture that is simpler, more convenient, more classic, and more elegant is clearly a valuable experience addition and lifestyle beyond complex daily life. Less is more, that's one of reasons the how the brand comes about.

Because of this, as the carrier of these lifestyles, as well as the commitment of nature and artworks, the high - quality outdoor product of SIMPO LIVING comes from our company which possessed considerable historical value.

Since 1999, our enterprise has accumulated more than 24 years of manufacturing experience and technology, covering wood manufacturing craftsmanship, metal frame technology, fabric sofa craftsmanship, rattan sofa workmanship and other exquisite processing technology.

After the precipitation of time, we are better at closely following the latest international trends and innovations to give their outdoor furniture products excellence quality and stylized looks, and adopting the latest sustainable high-performance materials. To provide customers with newly designed outdoor space decoration options, provide efficient and convenient shopping experience, and provide considerate services have become the pursuit of our brand philosophy.

We invite you to discover and embrace this simple fine life with us!

**LAMP OPERATION**

**USB TYPE-C PORT**

Easily chargeable via USB Type-C port /Solar panel.  
 Charging with USB-Type power adapter or connection  
 to a computer USB port are supported.

Three Brightness Settings  
 dimmable 30% | 50% | 100%  
 automatic 100%, full capacity

Operation after 5 hours charge by direct sunlight  
 setting 1 light intensity 30% | duration up to 10h  
 setting 2 light intensity 50% | duration up to 8h  
 setting 3 light intensity 100% | duration up to 5h

Fully charged by USB-C  
 setting 1 light intensity 30% | duration up to 24h  
 setting 2 light intensity 50% | duration up to 12h  
 setting 3 light intensity 100% | duration up to 7h

**Power Switch**

Switch can select 3 brightness levels and automatic  
 operation. Simply switch and switch again to set up  
 the lamp luminance from 30% to 50% to 100%.  
 Switch to A for automatic operation at night.

**TROUBLESHOOTING**

The light is not as bright as normal	Please try to charge with the USB cable • Please check with switch and select higher luminance.
The light turns on during the day	Please check if the switch is set to ON.If yes, switch it to the middle - OFF, or A, auto.
